General Information

Journal references in Mathematical Reviews are given in the following form: *Rückschritte der Math.* (6) 5(56) (1960/61), no. 2, 18–53 (1962), where, after the abbreviated title, one has: (series number) volume number (volume number in first series, if given) (nominal date), issue number if necessary, first page–last page (imprint date). If only one date is given, this will usually be interpreted as the nominal date and will follow the volume number. If no volume number is given, the year will be used in its place. The symbol * precedes the title of a book or other non-periodical that is being reviewed as a whole. If an issue of a journal needs to be reviewed as a whole (e.g., when it is a collection of articles dedicated to an individual) and an ad hoc title is devised for this purpose then the latter will appear in braces { }.

References to reviews in Mathematical Reviews before Volume 20 (1959) are by volume and page number, e.g., MR 15, 122;

from Volume 20 to Volume 58 (1979), by volume and review number, e.g., MR 20 #4185 or MR 23 #A513; from 1980 on, by issue and review number, e.g., MR 80a:46017. References to reviews in *Jahrbuch über die Fortschritte der Mathematik* and *Zentralblatt für Mathematik* are by volume and page number for the period before 1972 (e.g., *Jbuch* 50, 173; *Zbl* 29, 323) and by volume and review number since 1972 (e.g., *Zbl* 218:46017). Reviews reprinted from *Applied Mechanics Reviews*, *Computing Reviews*, *Electrical & Electronics Abstracts*, *Mathematics of Computation*, *Operations Research*, *Physics Abstracts*, *Referativnyi Zhurnal Matematika* (Mehanika, etc.), *Statistical Theory and Method Abstracts*, or *Zentralblatt für Mathematik* are identified in parentheses following the reviewer's name by AMR, CR, EEA, MC, OR, PA, RZMat (RZMeh, etc.), STMA, Zbl, respectively.

Subscription information: Subscription prices for the year 1981 (former Vols. 61 and 62) of Mathematical Reviews and the annual index are \$1280 list, \$960 institutional member, \$140 individual member, \$70 reviewer. Combination paper and microform (microfiche or microfilm) subscription prices are \$1536 list, \$1152 institutional member. Microfiche of each issue will be mailed the fastest way possible as each issue is published.

Back number information: Back number prices per volume: for Volumes 1–30, \$180 list, \$135 member; for Volumes 31–40, \$280 list, \$210 member; for Volumes 41–50, \$420 list, \$315 member; for Volumes 51–52, \$564 list, \$423 member; for Volumes 53–54, \$640 list, \$480 member; for Volumes 55–56, \$740 list, \$555 member; for Volumes 57–58, \$788

list, \$591 member. Back number prices for 1980 are \$1680 list, \$1260 member. Beginning with Volume 55, back volumes are also available on microfiche or microfilm; prior to Volume 55, back volumes are available on 16mm positive or negative microfilm. Only current subscribers are eligible to purchase back volumes on microfilm. Write to the American Mathematical Society for a detailed price list.

Mathematical Reviews is published monthly. The issue year 1981 includes a midyear author index for issues 81a–81f, and an annual author and subject index. Cumulative author indexes exist for 1940–59, 1960–64, and 1965–72. The cumulative author and subject index for 1973–79 has recently been published.

Subscriptions and orders should be addressed to the American Mathematical Society, P. O. Box 1571, Annex Station, Providence, R. I. 02901. All orders must be accompanied by payment. Other correspondence should be addressed to P. O. Box 6248, Providence, R. I. 02940.
